

This plan features a \$5,000,000 per member lifetime maximum in benefits.

This matrix is intended to help you review the UNICARE Performance 2000 Plan benefits and reflects your share of costs for covered expenses after any deductibles are met. When you use UNICARE independently contracted in-network (participating) providers, your costs are based on a specially negotiated rate for UNICARE that may often save you money. When you use out-of-network (nonparticipating) providers, your costs are based on charges deemed by UNICARE to be reasonable for that service and area. Reasonable charges may be less than your provider's billed charges and often result in higher costs to you.

This summary of benefits provides a very brief description of the important features of the plan. This is not the insurance contract and only the actual plan provisions will apply. The plan booklet sets forth, in more detail, the benefits, limitations, and exclusions. If there are any conflicts between the terms of the plan booklet and the information in this overview, the terms of the plan booklet will prevail.

Plan Features	Participating Provider	Nonparticipating Provider
Lifetime Maximum	\$5,000,000 per member

¹ Emergency room visits that do not result in inpatient admissions will be subject to a \$60 penalty.

² Additional visits for physical, occupational, and speech therapy may be covered following inpatient hospitalization for spinal injury or stroke, with prior authorization from UNICARE.

³ All inpatient medical care requires preservice benefit review or you will be subject to a \$500 penalty. This penalty is waived on emergency admissions; however, utilization review is still required.
